Dark Blue vs. Light Blue. London, March 31 .- The annual university boat race between the crews of Oxford and Cambridge takes place tomorrow over the usual Putney-Nortlake ourse on the Thames. There is as much interest in the event as in any previous year, and the contest between the picked oarsmen of the two universities promises to be witnessed by an immense throng of spectators. If the weather be favorable the crowd will probably be one of record-breaking proportions, as the two crews are regarded as more evenly matched than for many years past, and, as a consequence, are expected to furnish a more interesting contest. Both crews took their final practice spin today, several thousand people, a goodly number belonging to the betting fraternity, turning out to form their final judgment on the performances of the two crews.

COLONEL J. OLMSTED, Prop. 250 Liberty Street,

THE GRIP

REACHED AFTER EIGHT YEARS OF COMPLICATED TROUBLES.

Deafness, Hissing Sounds in Head, Stomach Disorder, Palpitation of Heart and Debility Overcome at Last.

Mr. Newman certainly had a very tough time with the grip, and it is no wonder, now that he is over it, that he thinks that the remedy that cured him can't be beat. His case shows how profoundly grip poisons the system, and how obstinately it resists all ordinary efforts to eradicate it. The publication of the following interview with Mr. Newman will shorten the sufferings of others, as it will save them doubtful experiments and guide them at once to treatment that has proved a wonderful success.

Few cases can be worse than Mr. Newman's for he had head, heart and stomach troubles, combined with great weakness. Speaking of his long illness, he recently said:

"The attack of grip which I had eight years ago left me in a very bad fix. I became nearly deaf and my head ached continually and was filled with hissing and roaring sounds that were fearfully annoying. My heart fluttered and had regular running-away spells. My stomach was so sore that I could hardly bear a touch on that part of my body. I had a great deal of pain in the that organ was enlarged. My kidneys gave trouble. When I attempted to get

"Didn't you give up and go to bed?" he was asked.

"No, I simply wouldn't. My head and my back ached dreadfully, but hard as it was to stand it, I wouldn't give up entirely. I obstinately dragged myself about, kept growing worse, and finally ran down to almost nothing."

"First I tried a doctor, but he did me no good. Then I tried all kinds of advertised preparations, but nothing proved helpful until I began to use Dr. Williams' Pink Pills. As soon as got them I knew I had at last hit the right remedy for my case. The very first box did more for me than anything else I had ever taken. I wish I had heard of them long before, for they would have proved just what they claim to be. They gave me relief right away, and in three months they positively cured me, I think I was scarcely ever in better health in my life than I am at present, and I feel that I cannot say too much in favor of Dr. Williams' Pink Pills."

Mr. William A. Newman is a wellknown Camden county farmer, living at Sagrada, Missouri. His case was a sovere test for any remedy, but Dr. Williams' Pink pills met every require ment by acting directly on the blood, and making that pure and rich in every element that is essential to perfect health. Other remedies merely drive the poison of the grip into hiding, but Dr. Williams' Pink Pills drive it out of the system. They are sold by every drug-
